### Notes on installation and sales:

Paintings labeled “oil on canvas nailed to panel” are mounted like the painting below. If they are not on panel, the small and medium-sized canvases are on stretchers, unframed. All of the large paintings on canvas are hung on the wall directly and are not on stretcher bars or panel. They have rivets or are sewn onto the wall.

Sales and shipping are possible nationally and internationally. Work can also be collected directly from the studio. Sales prices do not include shipping. Shipping can be arranged by the studio or collector. For large paintings going to CT, NYC, Long Island, and northern New Jersey, there can be a delivery charge only and no charge for installation.

All sales and titles are through Fairchain. <https://www.fairchain.art>
